NEWEST ULTRA -EFFICIENT HAND DRYER

NO HEAT, 15 SECONDS, 500 WATTS....

[XLERATOR-eco](#)

[LEARN MORE](#)

XLERATOR-eco

new 'No Heat' technology dries hands in 15 seconds using only 500 watts, making it one of the most energy-efficient and environmentally-friendly hand dryers on the planet.

Allows for the installation of up to 3 **XLERATOR-eco** units on one 20 Amp circuit significantly reducing installation costs and time.

XLERATOR-eco

continues Excel Dryer's commitment to providing the most energy-efficient hand dryers with the same proven performance, reliability and durability expected from Excel hand dryers.

XLERATOR-eco

sets another new industry standard in green innovation and sustainability, it also allows facilities to use even less energy than ever before.

We are pleased to announce that **KEVIN REID** has joined our team and will be representing Duker-Reilly-McPherson as our West Michigan sales associate! As Ray McPherson takes on more of a support role in the agency Kevin will be looking to nurture and grow our west MI relationships.

We are confident that Kevin will be an asset to our agency. He comes to us with experience in distributor sales and strong customer service skills.

Kevin is looking forward to meeting our distributor partners. We hope you will join us in welcoming him to our organization!
